(6 marks)

## Listening Task 2

Listen to the recording and circle the correct option – a, b, or c.

You have one minute to read the questions before the recording is played. You will hear the recording twice.

Example: The main subject of this presentation is:

- ☒ a) making a speech.
- b) interview techniques.
- c) memory systems.

1. The presenter says that any successful speaker:

- a) must overcome multiple challenges.
- b) should have advanced knowledge of the subject.
- c) shouldn't engage too much with the audience.

2. Typically, the audience tend to pay most attention:

- a) at the beginning.
- b) at the end.
- c) at the beginning and at the end.

3. An average listener can recall \_\_\_\_\_ of the questions asked by the presenter.

- a) over 85%
- b) around 50%
- c) less than 30%

4. What question types work best in a presentation?

- a) questions requiring an answer.
- b) questions not requiring an answer.
- c) both question types.

5. According to the speaker, why is including stories an effective technique?

- a) people connect with them on an emotional level.
- b) following a story is less demanding than following an argument.
- c) people are curious about other people's experiences.

**6. Numbers and statistics should be:**

- a) avoided as much as possible.
- b) used carefully to be effective.
- c) used for scientific subjects only.

**7. It is important to use humour as it often:**

- a) helps listeners to remember what is said.
- b) makes the speaker appear more likeable.
- c) helps the speaker feel more relaxed.

**8. Distributing handouts at the beginning:**

- a) is generally recommended.
- b) is appropriate in certain scenarios.
- c) is never a good idea.

(8 marks)

## Listening Task 3

Listen to the recording and answer the questions below. There are 3 speakers.

You have one minute to read the questions before the recording is played. You will hear the recording twice.

Which speaker...
